## EXPERIENCE

**Dietetic Intern at UCSF Medical Center** | July 2018 – Present

*One-year, full-time dietetic internship with a medical nutrition therapy focus*

- Providing nutrition care for adults and pediatric patients with complex medical conditions at a tertiary care, 720-bed teaching hospital.
- Utilizing the nutrition care process to assess, identify nutrition diagnoses, and design nutrition interventions in an acute care setting.
- Developing enteral and parenteral nutrition support plans and relevant nutrition education for inpatients and outpatients.

*Rotations*

- **26 weeks in Adult clinical** | Critical Care, Cardiology & Cardiothoracic Surgery, Surgical Oncology, Malignant Hematology, Neurosciences
- **6 weeks in Pediatric and Elective clinical** | Bone Marrow Transplant, General Medicine, Cardiac Transitional Care, Cardiac Intensive Care Units
- **4 weeks in Outpatient** | Nutrition Counseling Clinic, Pre- and Post-Heart and Lung Transplant, Nephrology, Gastrointestinal/Inflammatory Bowel Disease
- **6 weeks in Staff Relief** | Surgical Oncology, Malignant Hematology, Neurosciences
- **2 weeks in Community** | La Clínica de la Raza
- **8 weeks in Food Service Management** | UCSF Nutrition & Food Services

**Volunteer at Boston Medical Center** | September 2016 – May 2018

*First hospital-based therapeutic preventive food pantry in the country*

- Provided appropriate healthful foods from the pantry to eligible low-income patients according to their food prescriptions and nutritional needs.
- Assisted with produce delivery to The Teaching Kitchen at BMC to allow for patients to receive disease-specific, cost-effective cooking classes.

**Intern at Spaulding Rehabilitation Hospital** | June 2017 – July 2017

*132-bed teaching hospital for Harvard Medical School*

- Assisted dietitians and diet technicians in inpatient clinical services for pediatric and adults in the brain and spinal cord injury and stroke units.
- Created nutrition materials in English and Spanish.

**Research Assistant at Energy Metabolism Lab** | Jan 2017 – May 2017

*Jean Mayer USDA Human Nutrition Research Center on Aging (HNRCA) at Tufts University*

- Assisted with the organization of data collected in metabolic trials, such as the Healthy Families Healthy Forces Study, a randomized trial which compared two interventions for sustainable weight loss.
